

# Regional Housing Summit Evaluation Greater Nashville 21

The purpose of this Summit is to develop a better understanding of the affordable housing needs in your community and to learn more about the capacity of local governments and nonprofit organizations to help meet those needs. With this in mind, please give us your feedback. (Responses noted in blue.)

Comments:

The projector didn't work in the beginning.

Sorry missed it.

Going into more detail would be helpful.

Doesn't seem to be a big issue with lack of funding for rehab, which is good for us.

Comments:

Would like to know how to access who these families are from census form.

More data to help assess local housing needs for LMI.

**6. A regional meeting about affordable housing funding would be useful.**

|            |   |          |       |           |

Comments:

Increases level of awareness of needs, obstacles and possible solutions.

**7. A follow up Summit with a similar format would be useful. (21) Yes or No**

If yes, what suggestions would you make for improvements or changes?

Include program information from fund provider.

Involve more people who deal with this on a day to day basis. Especially planning and zoning and codes.

Discuss of specifics more.

Annually. A follow-up where solutions are discussed. Where we're told what actions are being taken toward solutions.

Maybe on some kind of regular basis—work to increase local government involvement.

Education on new products on a regular basis for regional affordable housing.

Do you have any concerns or needs which were not discussed:

Any education programs developed must have a statewide-standardized curriculum.

I learned a great deal. Thank you.

Faith based initiatives.

Better communication of program requirements.
